Chamber Chatter

By IRENE GROVE

Remember Albany Clean-Up. Fix-Up Week begins June 10. Let's all cooperate by doing our part in making our city a cleaner, more attractive and safer place to live and work. Remember there will be no curbside pickup of debris by the city, but the Albany City Dump will be open for disposal by individuals. There will be an announcement of details for special services to "hardship" cases for pick up, by appointment only, by volunteers.

Your Chamber of Commerce wishes to thank all those who helped to make the Annual Membership Dinner a real success. The Host Committee of Mr. and Mrs. Joe Gaeta, Mr. and Mrs. Art Carlson, and Mr. and Mrs. Harold Olson did a terrific job of making all the guests enjoy themselves and get acquainted.

The musical entertainment, numbers by Mr. Steven Lehner, of Albany High Music Department, accompanied by Mrs. Robt. Kleinheimer added a real high spot to the evening. We weren't aware of all the musical talent in our city.

Thanks go to Treasurer Ken Forry and office secretary Sue McGuire for taking over ticket sales. . . . and to Mrs. John Lari-more for being a most efficient photographer. . . . Dorothy got some wonderful informal shots of the party. . . . watch for them in the Chamber window soon. . . . And of course a special vote of thanks to the tops in M.C.'s Hal Denham for a job more than well done. It was a terrific evening. . . . just wish you could all have been there.

Your Chamber salutes the following new Albany businessmen: Robert Allen Hart, Architect at 1057 Solano Avenue; Floyd Helm of Helm and Gaeta, Insurance Broker at 928 San Pablo Avenue and Henry Kelso of Hank's Trampoline at Clay and San Pablo Avenue.

Special congratulations to Gerald Sandlin of Jerry's Barber Shop, 919 San Pablo. . . . Jerry has added the most ultra modern fixtures to his shop, including contour barber chairs. A welcome goes to his new partner, Brother Bob, just out of the Marine Corps.

Congratulations again to Frank Cortese for his continued remodeling of the Cortese Drug storefront. . . . now one of the most attractive store exteriors in the area.

Publicity for Albany is in the Pacific Coast Fire Journal on the winning of the special Green Cross Award for fire safety by Metals Disintegrating Co. Magazine photo shows General Manager and Chamber's immediate Past President Ernest Dix, accepting the award from Chief Gerald Browne.

There will be more about Ernie next week when we continue our "Meet Your Chamber of Commerce Officers" series.

Red Cross Seeks Help for Chileans

Contributions of clothing and blankets for victims of the Chilean earthquake disaster may be taken to your local fire house. In cooperation with Berkeley Chapter, American Red Cross, the local houses have agreed to handle this portion of the contributions. Contributions of money may be made directly to your local chapter, 2116 Allston Way, or to any of the several Red Cross stations set up throughout the area.

The American Red Cross has disaster experts on the scene in Chile. Already 25 other countries belonging to the League of Red Cross Societies have sent help. In a country 2600 miles long and 60 miles wide of mountainous terrain, communication is difficult. Intensified by the disaster, it has been impossible so far to determine the extent of the damage, but latest estimates are 10,000 dead and over half a million people homeless with that figure rising every day due to the continual tremors still being felt.

ACTION ON BUCHANAN OVERHEAD POSTPONED

The Albany City Council at its regular meeting Monday night agreed to hold over for another week action on the proposal to have a detailed estimate made of the cost on the much discussed Buchanan-Marin project. It has been proposed that the engineering firm of DeLieuw, Cather and Company be hired at a cost of \$2500 to prepare complete plans and specifications of the project.

The project will require the co-operation of the University of California regents, as a diagonal plot at the corner of Buchanan and San Pablo of approximately 3 or 4 acres will be needed to carry out the plan for a through street.

In other action the council passed on first reading Ordinance No. 60011 — Change in setback on portion of Lot 5, Block 5, Amended Map of Sunset Terrace 937 Pierce Street for enlargement of a kitchen. The setback would be to six feet. The vote was 4 to 1. Mayor Zahn voting "No."

On Resolution No. 60-54 — Authorizing execution of an agreement with John Urlaub for participation in the Berkeley Traffic School, the approval was unanimous. It was stipulated, however, that Mr. Urlaub be requested to furnish Albany with a complete list of Albany citizens who may attend the school during the current year.

There was some discussion on the hiring of part-time or emergency hiring of vacation help by the Park and Recreation Department. It was moved by Councilman Howell that an emergency eligibility list be set up from which appointments of this type might be made with Albany citizens to be given the preference.

Berkeley Woman Honored by C. of C. For Civic Services

Mrs. Violet Hofstetter Lamoree has been selected "Berkeley Businesswoman of the Year" by the Berkeley Chamber of Commerce. Mrs. Lamoree's selection came last week at the Chamber's 58th Annual Dinner. Her selection was under the auspices of the Women's Division of the Chamber.

Mrs. Lamoree, owner of the Knowles Realty Co., 1529 Shattuck Avenue, has been prominent in civic affairs for many years.

In 1933 Berkeley experienced a very wild and uncontrolled Halloween and much property was destroyed. Mrs. Lamoree, responding to this event, determined to find constructive outlets for youth to prevent recurrences of that celebration. From this came the formation of the Oxford Players, youth theater project, and the beginning of more than twenty years of tireless and devoted service to young people. The Oxford Players became quite popular and are today known as the Berkeley Community Players. Mrs. Lamoree still works with this group, now a Berkeley Recreation Department project.

Mrs. Lamoree is also well known as the director of Berkeley's annual city-wide Christmas pageant, presented by school children. She is a past president of the Women's Council of the Berkeley Realty Board, and a member of Rebecca Lodge and the Altrusa Club of Berkeley, classified business and professional club. She is active in the Women's Division of the Chamber.

Mrs. Lamoree's citation referred to her as an "exceptional woman. Honored for her exceptional service to youth and to her community."

Bank Reports Business Gain In California

Business in California was four per cent better in April than it was a year ago, according to the current Business Review of Wells Fargo Bank American Trust Company.

Pointing out that the gain was not due to inflation, the bank's review cites the fact that the dollar, based on the U. S. Department of Labor's wholesale price index, bought as much this April as it did a year ago.

Gains for the year continue to be shown by the five factors that make up the bank's business activity index. They are: manufacturing payrolls, department store sales, motor fuel sales, bank deposits, and engineering construction awards. The seasonally-adjusted index slanted down from 257 to 253 for the month, with all factors except bank deposits contributing to the nominal decline.

STATE FARM
CUTS CAR INSURANCE RATES FOR MILLIONS

New rating plan from State Farm reduces rates for many careful drivers. It's a pin-pointed system for determining the rate that's right for YOU personally. It matches you with one of nearly 100 driver classifications—according to your age, your sex, family members who drive your car, where you drive, how much you drive, and what you use your car for. It's more accurate in determining YOUR fair rate. And whatever your classification, you're pretty sure to pay less with State Farm than most folks pay elsewhere. Contact me today.

Nine Vacancies in Naval Air Reserve

Nine vacancies exist under the new Navy Six Months Training Program, Captain L. E. Burke, USN, Commanding Officer of the Oakland Naval Air Station, announces.

These vacancies will be filled on a first come — first served basis, he said, between now and July 15. The first group of Airman Recruits will leave for extensive training in Navy schools in Florida or Tennessee on July 3.

Captain Burke invites all interested persons to contact his Recruiting Department at Oakland Naval Air Station or call them at LOckhaven 2-2215, Extensions 259 or 269.

Awards Made In Water Safety Swim Program

The Albany YMCA Life Saving and Water Safety swim program was completed with certificates for 22 hours of practice and theory work being awarded to the following Senior Life Savers: Fred Brown, Ann Cleveland, Roy Henderson, Gary Keck, John McCracken, Richard M. Ostrov, Carole Puzey, Herb Schorsch, Stephanie Seibert, Daniel Smith, William R. Thomas and Gregory Underkoffler.

The Junior Life Savers are: Kathy Arneson, Bonnie L. Chapman, Dennis Deromedi, Beth Eaneman, Jim Eaneman, Diane Gilbert, John Griffin, Bryant Hatch, Douglas Parks, Tom Parks, David Potter, Peter Roland, Duncan S. Seibert, Susan Schefer, James Spicer and Eddie Winkler.

These young people are aware more than ever of the hazards around the waterfronts. Their schooling and training dealt

with blocks, piers, holds, how to break them, towing, carries, lifts, artificial resuscitation (both Nelson method and mouth-to-

mouth, searching under water and knowing the safety factors around some strange and unfamiliar waterfronts.

The next class on Life Saving will start in September, according to Elmer F. Coble, Executive Secretary of the Albany YMCA.

YOU NEVER HAD IT SO SOFT!

We're talking, of course, about the soft, soft water that your water system (you know . . . "East Bay MUD") brings down from the Sierras.

But let's talk about hard water. Hard water doesn't lather much. Doesn't wash too well. Leaves rings around bathtubs. Keeps your hair from rinsing really clean. And so on.

This is because hard water contains an excess of minerals. The amount is measured in "parts per million." The more parts, the harder the water. You can have as much as 125 parts and still call your water "soft." Your "East Bay MUD" water? Only 20 parts!

Your soft water saves you money, too. Because it takes less soap to wash in soft water. You use less coffee per pot. Baby gets a better shampoo. Et cetera. Now aren't you glad you have it so soft?

Booklets on water? But of course!

All taxpayers whether delinquent or not, should carefully examine the Delinquent Tax List and report any corrections.

Whereas, taxes were duly levied for the fiscal year 1959-1960 for Municipal purposes upon the real and personal property in the City of Albany, by the City Council of said City, and default has been made in payment of taxes to the said City of Albany for said fiscal year 1959-1960 upon the personal property and real estate hereinafter described, and

Property
Description
Explanation

Property hereinafter listed is described by reference to Assessor's Maps on file in the office of the Assessor, County of Alameda, State of California.

Code Area 200. Separated by hyphens, the three numerals under the heading, "Description of Property" designate successively the Assessor's Map Book, Page or Block, and Parcel Number. For example, "55-5555-55" is the designation for property described as Assessor's Map Book 55, Page or Block 5555, Parcel Number 55. In some cases, another hyphen and numeral, commonly termed a "sub-number," are added to and made part of the Parcel Number, indicating a division of, or change in the boundary lines of the original Parcel. For example, "55-5555-55-1" is the designation for property described as Assessor's Map Book 55, Page or Block 5555, Parcel Number 55-1.
